Billy Rickey
Arnold Drive

Lots of luck in all that you do. Remember the good old days in "Homers" room when you're old and have about two dozen kids all over the place. Don't ever do anything I wouldn't do and you'll be alright.

Your Friend,
Charles Felton

Billy,
I had fun with you this year. You all are a lot of fun. Good luck next year in College.
Sod Blessup
David Kay

Billy,
Good luck
for I know
you'll need it! Best
of Luck in the future.

Good luck to you.
Don't forget all the
gentle "taps" in English.
My back won't forget.

Ralph Heaton

Billy,
I've really enjoyed knowing you and I won't forget the fun we had at the beach. I guess we'll have a lot more this year.
Best of luck to you.

David Smith

It's been great knowing you these years. I hope you will have the best of everything in the future. Six months ago I thought we would never complete these annuals, but here they are. The best of luck to you always.

your friend forever,
Barry Reeves

Billy,
I've enjoyed living down here at this dump with you these four years. Good luck to you in the future!

Milford

Billy,
It has been a pleasure being in your room for the past three years. We've had some good times driving the teachers mad and pooling our efforts in tests.
Best of luck always.
your friend,
Tommy Smith

Billy!

Our school days in Anderson has finally come to an end. We certainly have had some great times here at A.H.S. I guess our paths will go different ways now, but I wish you the best of Everything.

your friend,
William Hunt

Billy,
I HAVE enjoyed working with you and in my opinion you ARE the BEST grass cutter in Anderson.
Good luck always.

Kirk Jordan

Billy.
It has been fun these past three years! Good luck in all you do
Chip

Billy.
It has been a pleasure being in your classes. From I wish you the best life has to offer. Keep up the good work.

Dedication

For the time devoted to our interests, for the effort spent on improvement and development of our schools, for the leadership and guidance in paths of progress, the TIDINGS of 1960 is dedicated to our Board of Trustees. For twelve years most of us have attended one of the schools in Anderson School District Five. We have witnessed many changes, many improvements that have made us proud of the academic standing of our schools. Our class can remember the first school lunches. The gym at McCant's Junior High was still new when we had our physical education classes there. In high school we profited from many new courses and had the privilege of using much new equipment. Now, preparations are being made for another innovation—the building of a new high school for girls and the conversion of McCant's into a high school for boys. These advancements resulted from the interest, wisdom, and foresight of our Board of Trustees, to whom we proudly dedicate the 1960 TIDINGS.

MEMBERS OF THE BOARD: Mr. Eugene E. McIlwain, Mr. Cole B. Sutton, Dr. Mark F. Hawthorne, Mr. Francis R. Fant, Mr. Roland O. Hawthorne, Dr. Claud W. Perry, Mr. L. Fleet McClain, Dr. Claude F. Dixon, Mr. A. Richey Ramseur.

To the Board of Trustees

The Board of Trustees is responsible for carrying out the policies of the State Board of Education. It is their job to provide and maintain the physical properties of our school system.

The Board plans the budget for the district, is in charge of employment and salary decisions concerning the teachers, plans the physical education program, supervises the courses of study, decides the calendar for the year.

The most outstanding improvements instigated by the trustees are those concerning the new schools built throughout their years of service and the many improvements made to the existing schools.

Dear Aunt Billy,

I'll never forget the good times that we have had together. We've had our ups and downs, too, of course. I still have that note that you wrote to me in the 9th grade. Billy, I hope that you like will always be successful. You are the kind of person that knows how to get around. Good luck to you whenever you go and whatever you do. Maybe one day we'll bump into each other again. I want to know when you get married. So one of the smartest and nicest girls that I know. Love,

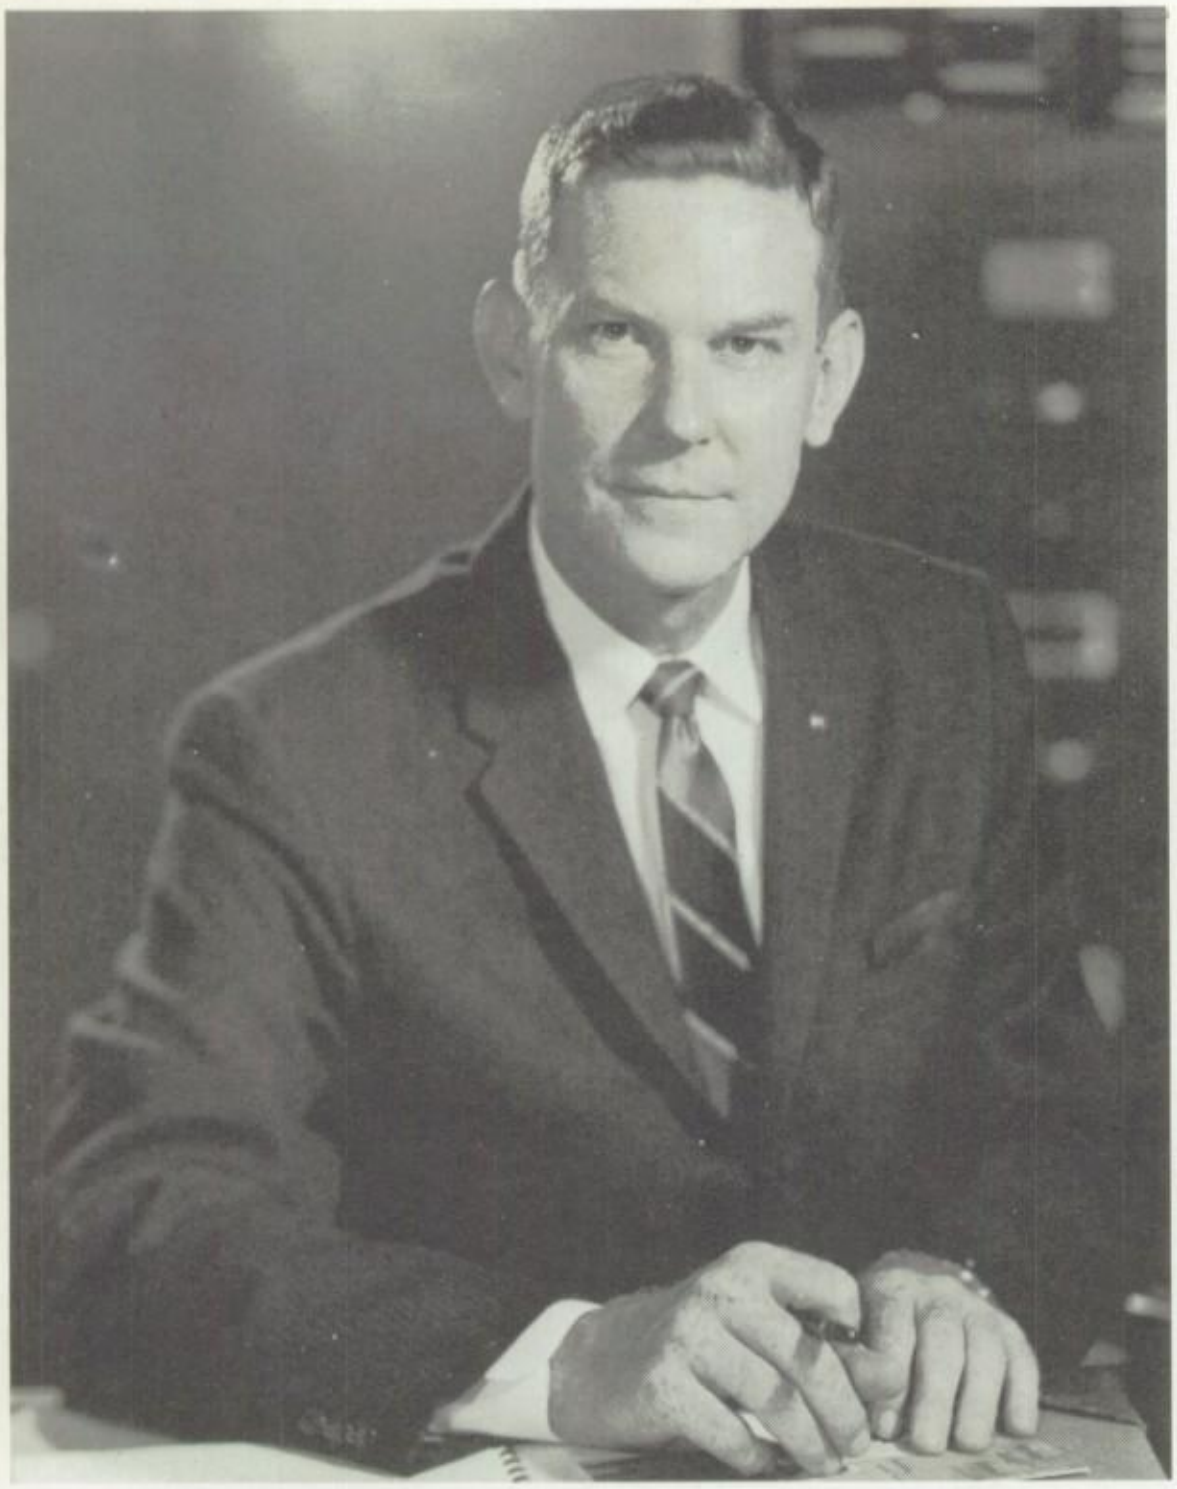
FACULTY



MR. HIRAM W. SANDLIN
Principal
Hanna High School

MRS. VIVIAN MORRIS
Secretary to the Principal
Hanna High School

Mr. Hubbard: Physics, Biology, Chemistry, Senior Science . . . Miss Major: Biology . . . Mrs. Huey: Biology, Sophomore Class Sponsor.

SCIENCE DEPARTMENT

The Science Department of Hanna High serves every group of students, regardless of their future plans. Biology is enjoyed by every student in the tenth grade. Chemistry is an elective open to Juniors and Seniors, and is primarily for college preparatory students and future nurses. Physics is a Senior elective for college preparatory students. Our newest course, Senior Science, is a general education elective course. The several courses combine laboratory work with lectures so that students may apply the ideas they have studied.

FOREIGN LANGUAGES

The Language Department of Hanna High consists of a second-year Latin course and a three-year French course.

Under Miss Elizabeth McCown's instruction, the Latin students study, not only the language of ancient Rome, but also Roman civilization. Recordings are used to improve the students' pronunciation; filmstrips, projects, and parallel further their knowledge of human culture.

The French courses, taught by Mrs. Carl Epting and Mrs. Gene Metz, stress aural-oral method of learning foreign language. The aural-oral method is based upon the natural process of language learning—hearing first, then speaking, then later reading and writing. To implement the process of hearing and speaking French extensive use is made of tapes and records so that the students will be exposed, not only to the teacher's pronunciation, but also to that of native Frenchmen. A different series of films is presented each year in order to enrich the students in French traditions, history, culture, and geography.

Miss Elizabeth McCown: Latin, English, Tri-Hi-Y Sponsor . . . Mrs. Elisabeth Epting, French, Sponsor Société Honoraire de Français . . . Mrs. Mary Metz: French, English, Sponsor Le Cercle Français, TIDINGS Advisor.

Miss Betty Callaham: History, Government, Psychology, Advisor to HANNASGALS, International Relations Club Sponsor . . . Mrs. Ruby Grant: History, Psychology, Sponsor Artist League, Junior Class Counselor, International Relations Club Sponsor . . . Mrs. Louise Rankin: History, Personal Typing, Retailing, Sponsor International Relations Club, D. E. Club Sponsor . . . Miss Emma Cunningham: History, Government, International Relations Club Sponsor.

SOCIAL STUDIES DEPARTMENT

The Social Studies Department of Hanna High offers five courses: World History, United States History, Geography, United States Government, and Psychology.

World History, open to sophomores, is a study of the great civilizations of the world.

United States History, usually taken by Juniors, is a required subject at Hanna High.

United States Government, which is required of Seniors, is a study of our nation's administrative system. It may also be classified as a course in citizenship.

Psychology, the science of human behavior, gives us a basic knowledge of how to achieve a sound, wholesome, mature life.

Miss Gladys Cromer: Algebra, Geometry, Dramatics Club Sponsor . . . Miss Faye Jenkins: Algebra/Trigonometry, Geometry, Sponsor Allied Youth . . . Mrs. Nancy Hensley: Algebra, Practical Mathematics, Geometry . . . Miss Elizabeth Jones: General Mathematics, Advanced Business Mathematics, Practical Mathematics.

THE MATHEMATICS DEPARTMENT

Long before Sputnik a strong mathematics department was considered vital at Hanna High. College preparatory students are urged to take Algebra II, Plane Geometry, and Senior Algebra and Trigonometry. Commercial students usually take Applied Mathematics, Consumer Living, and Advanced Business Arithmetic. At least two units of mathematics are required for graduation.

A new mathematics course—Advanced Algebra—will be offered beginning 1960.

Miss Ruth Boggs: English . . . Miss Elizabeth Richardson: Librarian, Library Assistants Club Sponsor.

THE ENGLISH DEPARTMENT

The English Department of Hanna High seeks, not only to teach a basic knowledge of English, but also to arouse the interest and appreciation of the student for our native tongue. There are various supplementary devises to aid teachers in their presentation of the courses. The student has an opportunity to hear *Macbeth, Antigone,* and other poetic and dramatic selections read by well-qualified speakers. Records for vocabulary development are also extensively used. For the girl who desires extra help or needs practice in addition to classwork, drill workbooks are kept in supply.

Our faculty recognizes that creative work is necessary to offer the student a well-rounded, balanced English course. Creative writing is encouraged by many and varied contests, and lucrative rewards add special attraction to the competition. The S. C. High School Literary Yearbook and the National Poetry Association also encourage youthful literary enthusiasts.

Miss Marietta McCown: English, Algebra/Trigonometry, Senior Class Sponsor, Senior Class Counselor, Business Editor of TIDINGS, Sponsor of Quill and Scroll . . . Miss Margaret Hood: English, Chief Counselor, Sophomore Counselor, Advisor of Student Council, Sponsor National Honor Society.

Mrs. Young: English, U. S. History, International Relations Club Sponsor . . . Mrs. Cobb: English, Art Appreciation.

PHYSICAL EDUCATION DEPARTMENT

At Hanna High there are no intermural sports. However, the intramural sports, such as our annual basketball and table tennis tournaments, are enthusiastically supported.

One year of gym is required, usually of sophomores. In gym the girls learn to play field hockey, volley ball, basketball, table tennis, calisthenics, shuffle board, softball, and folk dancing.

This year a testing system has been added. The girls are graded on their skill, attitude, promptness, and appearance.

Mrs. Anne Morgan, Physical Education Teacher, tosses the ball for Marilyn Stanfield and Connie Smith.

COMMERCIAL DEPARTMENT

The commercial and distributive education students are kept busy through a combination of classwork and practical experience.

The students taking secretarial courses are Hanna High's unofficial secretaries. They cut stencils, type programs, letters, announcements, booklets, and serve as typists for the student publications—HANNASGALS and TIDINGS.

Retailing is one of the more important characteristics of Distributive Education. The participating seniors gain experience and knowledge through an actual job.

Miss Edith Boyce: Practical Math, Bookkeeping . . . Mrs. Miriam Gambrell: Shorthand, Typing, General Business.

HOME ECONOMICS DEPARTMENT

Home Economics is offered to sophomores, and Family Living to seniors. In Home Economics construction and care of clothing, textiles, nutrition, meal planning, table setting, food preparation, selection and arrangement of furniture, and use of color are studied. The curriculum in Family Living covers infant care, child development, management in the home, selection and preparation of family meals, clothing construction, and marriage and family relations.

Mrs. Gloria Kelly: Home Economics . . . . Mrs. A. C. Smith: Dietitian.
Mrs. Mary Dobbins: Family Living, Home Economics

Jane McLeese is shown how to set margins by Miss Mary McConnell—Typing, Shorthand, Commercial Club Sponsor, Junior Class Sponsor.

THE COUNSELING SYSTEM

Students who find themselves with a problem, large or small, can receive help from the Hanna High counseling system.

The homeroom teacher, having the closest relation to the student, is the key person in the counseling program. Miss Marietta McCown, Senior Counselor; Mrs. Ruby Grant, Junior Counselor; and Miss Margaret Hood, Sophomore Counselor and Chief Counselor are on alternate duty in the office during the school day to advise the students of each class. Over all these counselors is Mr. Sandlin who supervises the entire guidance program.

Our counseling system promotes good faculty-student relations, advises students on their program of study in and after high school, guides students in their choice of vocations.

Miss Mary McCown, Senior Class Counselor; Mrs. Ruby Grant, Junior Class Counselor; Miss Margaret Hood, Sophomore Class Counselor and Chief Counselor.

HUMANITIES LECTURES

The seniors have been given a distinctive privilege this year in the form of lectures presented by distinguished scholars in realms of religion, history, math, science and the arts.

The desire of the Curriculum Committee in promoting this series of lectures was to acquaint each senior with the history of Western development.

Dr. Dorothy Richey, Dramatics Department, Furman University.

THE LANGUAGE LAB

At long last Hanna High has become equipped with a language lab, or rather the beginnings of one. In order to provide greater opportunity to hear native speakers, we have numerous records and tapes. By listening through earphones, students can reproduce the foreign sounds more accurately. They can check their programs in reproducing these sounds by listening to a recording of their pronunciation. "That's me?" is a familiar sound in our language lab.

Mahalie Brown, Carol Adams, Connie McClain, Brenda Cromer, and Marilyn Breen make use of the language lab.

Our junior year has been one of much confusion and excitement. We began to participate in more school activities and assume more responsibilities. With a flurry of excitement and the hush-hush of secrets we began to plan for the Junior-Senior. As we decorated and practiced, we hoped that this one would be the best Junior-Senior yet.

When spring elections began, we felt a strange sensitiveness coming over us. It was hard to realize that next year would be our last at Hanna High, that a member of our class would be President of the Student Body, and that we would be seniors.

When we first entered Hanna High, we suddenly became aware of our beginning maturity. We deemed ourselves very superior and fortunate to be at last in high school. Little did we realize the responsibilities that came with all of our freedom. We learned to adapt ourselves to entirely different situations and problems. We learned to regulate and make use of every minute of our time to keep up with the increase in our studies. But in spite of this load we have acquired a different kind of school spirit in our feeling of at last "belonging."

THE STUDENT COUNCIL

The Student Council is an organization of students, elected by students, to represent them and to speak for them. It provides a medium through which student opinion may be heard and a forum for the consideration of common problems. Thus, it becomes a workshop in citizenship for every girl at Hanna High.

QUILL AND SCROLL

Membership in Quill and Scroll is an honor sought after by all high school journalists. The standards of this international honorary society are high—members must be in the upper one-third of their class scholastically, must have done outstanding creative work in some phase of journalism, and must be recommended by the supervisor of publications. The Hanna High Chapter of Quill and Scroll sponsors entries submitted to the South Carolina *High School Literary Yearbook* and other publications encouraging youthful writing. Members also publish the Hanna High handbook, a helpful guide to students.

SOCIÉTÉ HONORAIRE de FRANCAIS

Activities of the Société Honoraire de Français are widely varied, but all have a common purpose—improvement of the members' conversational French. Opportunities to meet French men and women in an informal atmosphere are provided by the various socials during the year and a banquet in the spring. Participation in Modern Foreign Language activities at the University of South Carolina is one of the highlights on the Société's calendar. This year club members have assisted in operating the new language lab equipment and in supervising other students in the use of this equipment.

LE CERCLE FRANCAIS

Le Cercle Français cannot, in reality, go to France, but once a month its twenty-nine members spend half an hour in France by means of movies, slides, games, plays, and talks by native Frenchmen or by Americans who have sojourned in France.

Le Cercle Français originated because the students wanted an additional opportunity to speak French and to increase their knowledge of French culture. The programs are planned with care so that each will represent a different phase of French life. The climax to the year's brief visits in France is the Cercle Français dinner, at which the members dine "à la française."

ARTIST LEAGUE

The time-consuming efforts of the Artist League may be observed on the hall bulletin board and blackboard, displaying a different theme each week. The members also make posters, announcements, and displays for other clubs and perform any other necessary art work for the school. The League is open to all students with a flair for art. Before acceptance into the League, one must submit an original drawing, but extraordinary talent is not required.

LIBRARY ASSISTANTS

The twenty-seven members of this club meet monthly for programs on book reviews, hobbies of members, skits from books, and plays on library usage. The girls check library attendance permits, check books out, slip and shelve books as they are returned, work with periodicals and pamphlets, count circulation, alphabetize book cards, file catalog cards, arrange bulletin boards, write overdue notices, and collect fines. They are the housekeepers for our Hanna High library.

FUTURE TEACHERS

During their study halls, student teachers can be seen hurrying to assist teachers, for that is the main job of a Future Teacher at Hanna High. Working with teachers helps a girl to acquire pride in teaching as a profession, to develop sincerity and enthusiasm for teaching, and to understand the varied role of education in our society.

The second job of a Future Teacher is to aid as a guide at Open House during National Education Week. Only juniors and seniors with a C average or above are eligible.

HANNASGALS

"I wanna go to Boys' High this time!" "Hey, gimme a head!" "When do we lay out?" These statements might sound a bit suspicious to one not connected with the staff of *Hannasgals,* but they know!

With Kay's business staff trying their best to overdo themselves, and the editorial staff frantically writing last minute stories to fill up the blank spaces, this has often been a most hectic year. The printers sometimes confused what went where, and the mad scramble to straighten this out always resulted in hours of feverish activity.

One might wonder at the benefits of such a conglomerated mess. It is hard to put into words, but being on the *Hannasgals* staff is more than worth the work.

COMMERCIAL CLUB

The sound of bells ringing, the pounding of typewriters, and the swishing of typing erasers can be heard each day in the typing room. These are commercial students hard at work preparing for future careers in the business world. Many of the commercial students hold part-time jobs, which give them the training and experience they need. The Commercial Club strives to solve problems of living, to develop proper attitudes, to develop skills, and to turn out a responsible, neat, and well-informed secretary.

Developing skills? Yes, but more important—developing proper attitudes. "Skills to get the job—attitudes to hold it."

DRAMATICS CLUB

The Dramatics Club, under the directorship of Miss Gladys Cromer, provides an opportunity for Juniors and Seniors, selected by auditions in the spring, to use their dramatic ability. During National Book Week, members present skits to the homerooms. Many times during the year they are asked to give special skits for assemblies and club meetings. The senior play, produced in the spring, is the highlight of the year's productions.

Nancy Prevost, Treasurer; Mary Earle Rice, Vice-President; Bebe Ramseur, Secretary; Frances Martin, President; Miss Gladys Cromer, Sponsor.

DISTRIBUTIVE EDUCATION CLUB

The Distributive Education program at Hanna High School provides thirty Hannasgals an opportunity to obtain a year's "on the job" experience in retailing, with a basic knowledge of the techniques of selling being offered through classroom work.

Class work is supplemented by the Distributive Education Club program, which is directed under state and national club auspices. The girls engage in contests such as making merchandise manuals, advertising layouts, and window displays. The winners take part in the state contest held at an annual convention in March, and the state winners go on to the national contests in May.

MRS. LOUISE RANKIN, *Sponsor*

A full social program is provided through the D. E. Club, the highlight being the awards banquet and dance at the state convention.

School and industry truly "join hands" in our Distributive Education program and offer to senior Hannasgals a wonderful opportunity to gain a year of guided business experience along with a high school diploma.

FUTURE NURSES

At the monthly meetings of the Future Nurses Club, sponsored by the hospital, the members are introduced to the different phases of the medical profession. Through the work of the club and its sponsors, many Hannasgals have decided upon nursing as their career.

Every third Monday night the members meet at the hospital to learn of the advantages and disadvantages of a career in nursing. Occasionally there is a movie, but usually the main feature is a lecture by a nurse, doctor or pharmacist.

Dianna Callaham, Secretary; Myreatha Little, Treasurer; Mrs. Miriam Gambrell, Sponsor; Joyce Lovingood, President; Patricia Neill, Vice-President.

ALLIED YOUTH

Anti-Alcoholism is the theme of Allied Youth. The club advocates having a wholesome, pleasure-filled life without alcohol.

The membership of Allied Youth is open to all students at Hanna High. In addition to advocating "no alcohol," the Allied Youth Club sponsors a drive at Christmas for the Salvation Army. The members collect clothing, toys, and food.

ENGLISH DEPARTMENT

The skills developed in this department touch virtually every phase of one's learning experience. The study of the structure of language is integral, but of equal importance is the study of meaningful literature, the source of thought-provoking, entertaining, and informative material.

The classroom affords the student assistance in evaluating what he reads and hears and gives him occasion to express his thoughts in writing and speech.

To achieve this end the student is introduced to the literature of the world, with special emphasis upon that of the United States and England. In the latter two fields, he meets, among others, Hawthorne, Cooper, Poe, Twain, Thoreau, Whitman, Shakespeare, Swift, Stevenson, Eliot, and Dickens.

Essays, parallel reading reports, and term papers constitute a part of the written requirements.

Mr. D. Oliver Bowman, English, History, Senior Sponsor, Editorial Advisor of the *Yellow Jacket* . . . Mr. Harold F. Cannon, English, History, Distributive Education Club Sponsor.

Mr. A George Borowsky, English, German . . . Mr. Rob Roy McGregor, French, English, Latin, Editorial Advisor of the *Tidings* . . . Mr. Herbert S. Pendergraft, French, English.

FOREIGN LANGUAGES

The study of foreign languages, once considered an educational luxury, is becoming increasingly important, because, in a world daily growing smaller, it brings the student into contact with the time-honored cultures of other peoples and opens wider the doors of mutual understanding.

This year brings to Boys' High the beginnings of a language laboratory, portable but serviceable. New methods and techniques in aural-oral procedure are employed.

For the interested student, the program offers French, Spanish, German, and Latin.

Miss Beth Clinkscales, Librarian, Sponsor of Library Assistants Club . . . Mrs. Emily G. Ashley, Typing.

COMMERCIAL DEPARTMENT

Typing, bookkeeping, and distributive education are offered with the view to initiating the student in the theory and practice of the commercial world. Experience is gained in services rendered to the school and in an actual work situation with a business firm.

Miss Clinkscales maintains an adequate, up-to-date, and well organized library for student use.

Good luck to you always Billy — W.R. Henderson

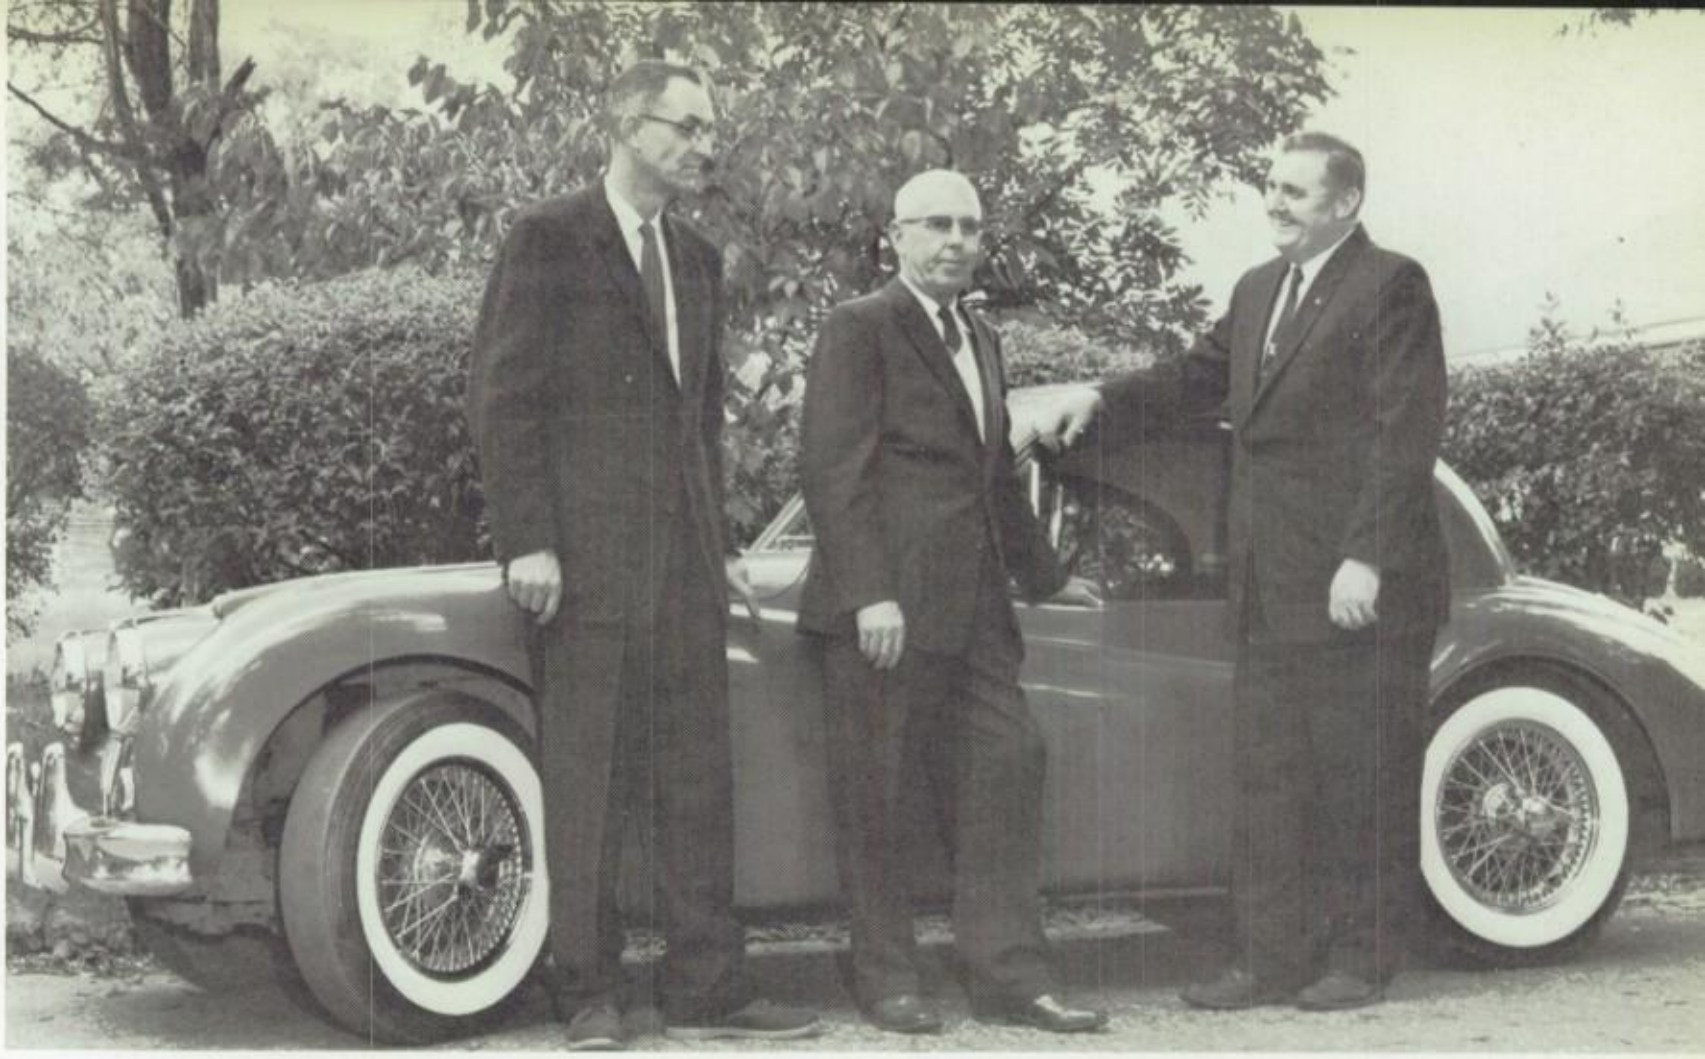
Mr. Dwane A. Morrison, Mathematics, Physical Educaton, Coach: Basketball, Golf . . . Mr. Marion M. Miller, Mechanical Drawing, Mathematics, Psychology, Junior Class Sponsor . . . Mr. W. R. Henderson, Mathematics, Bookkeeping . . . Mr. Robert H. Patton, Mathematics, Physical Education, Coach: Football, Track . . . Mr. W. B. Hynds, Mathematics, Beta Club Sponsor, Business Staff Advisor *Tidings*.

MATHEMATICS DEPARTMENT

As the result of an accelerated program in the Mathematics Department, the rising Senior Class will have the advantage of introductory studies in calculus, analytical geometry, and topics in advanced algebra and finite mathematics.

The present course of study includes plane and solid geometry, first and second year algebra, and trigonometry for those preparing to enter college. Business, practical, and applied mathematics are offered for students with commercial interests.

Available are training aids for the entire program of study, new and better slide rules, films, and supplementary text and reference books. Continued efforts are being made to provide and equip a mathematics laboratory.



Mr. W. Eugene Abrams, Manual Training . . . Mr.Fred McGregor, Auto Mechanics . . . Mr. William A. Pittman, Machine Shop, T & I Club Sponsor.

VOCATIONAL DEPARTMENT

The vocational curriculum is designed for the student who plans to begin a vocation immediately upon graduation from high school. The program offers practical and classroom training in the fields of textiles, auto mechanics, woodcraft, agriculture, machine shop, and mechanical drawing.

The textile department offers training in pattern designing, spinning, and weaving.

In auto mechanics the student learns the structure and function of motors and is trained to repair them.

The student in woodcraft learns the use of various saws and drills, simple and powered, and develops skills in constructing articles from wood.

Scientific methods of farming and dairying are taught in the agriculture department.

Machine shop familiarizes the student with the mechanics and operation of several basic machines and with simple foundry techniques.

Mechanical drawing teaches perspective and relational drawing as a course complementary to the trades and industry program.

SOCIAL STUDIES DEPARTMENT

Aware that man is a social being, course offerings in World and American History and in United States Government aim at impressing the student with his heritage, its privileges and responsibilities, and with the fact of international interdependence.

Sophomores in World History survey the cradles of civilization and their development through the two World Wars.

Juniors in United States History trace the nation's growth from its beginnings and keep abreast of the times through a study of current events.

Seniors in United States Government learn about the legislative, judicial, and executive functions of our government.

That the student may better understand himself and others, and thus become a better adjusted citizen, a course in psychology is open to members of the junior and senior classes.

SCIENCE DEPARTMENT

Dedicated to prepare men for the future, the Boys' High Science Department emphasizes the unlimited opportunities of the age of chemicals, of the atom, and of space. Every effort is made to heighten scientific interests in students.

This department, with classes tailored to follow the program outlined by the National Science Foundation, offers courses in biology, chemistry, and physics.

Biology, required for all sophomores, affords a basic knowledge of living organisms ranging from simple cell structure to the human anatomy.

Preparatory to advanced college training, chemistry and physics, electives offered to juniors and seniors, acquaint the student with the fundamental laws and processes of the physical world of nature.

The Boys' High faculty enjoys dinner and fellowship at their monthly meetings.

Cecil Huey and John Brown instruct and amuse Chris Riner with a demonstration of chemical phenomena.

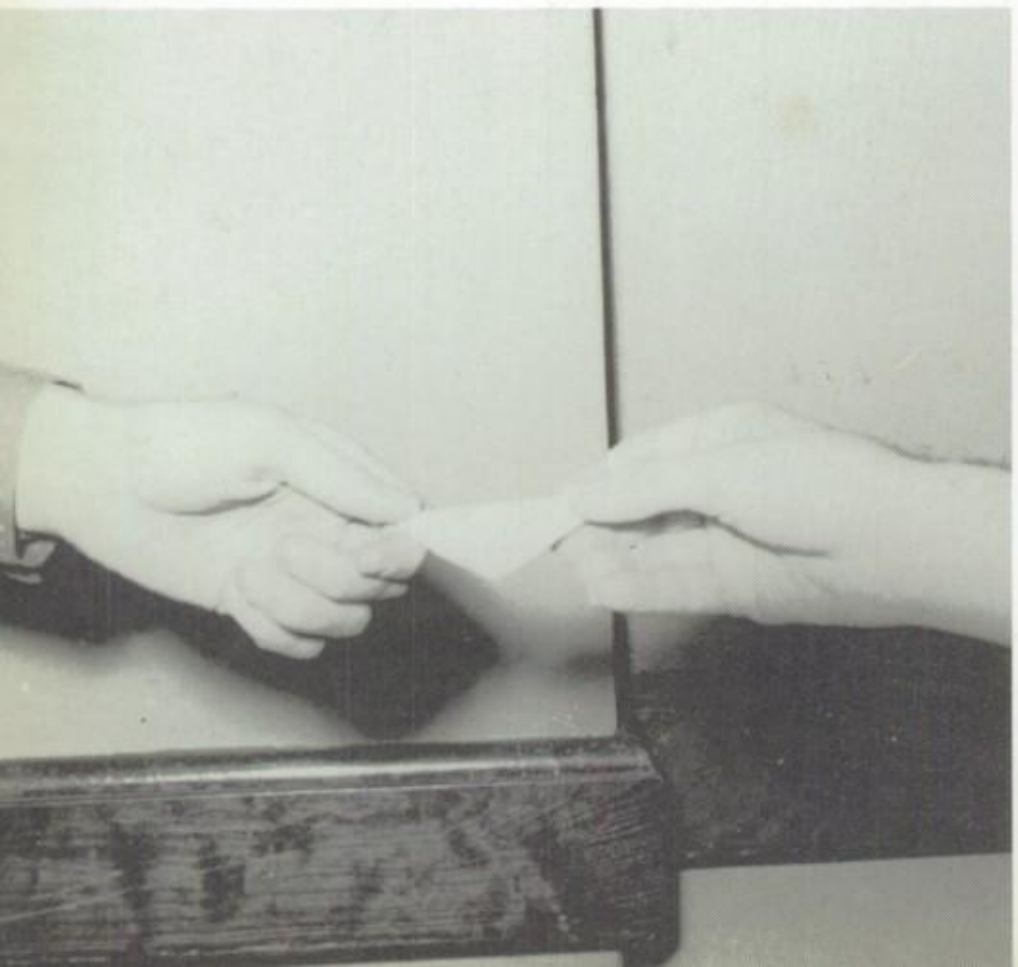
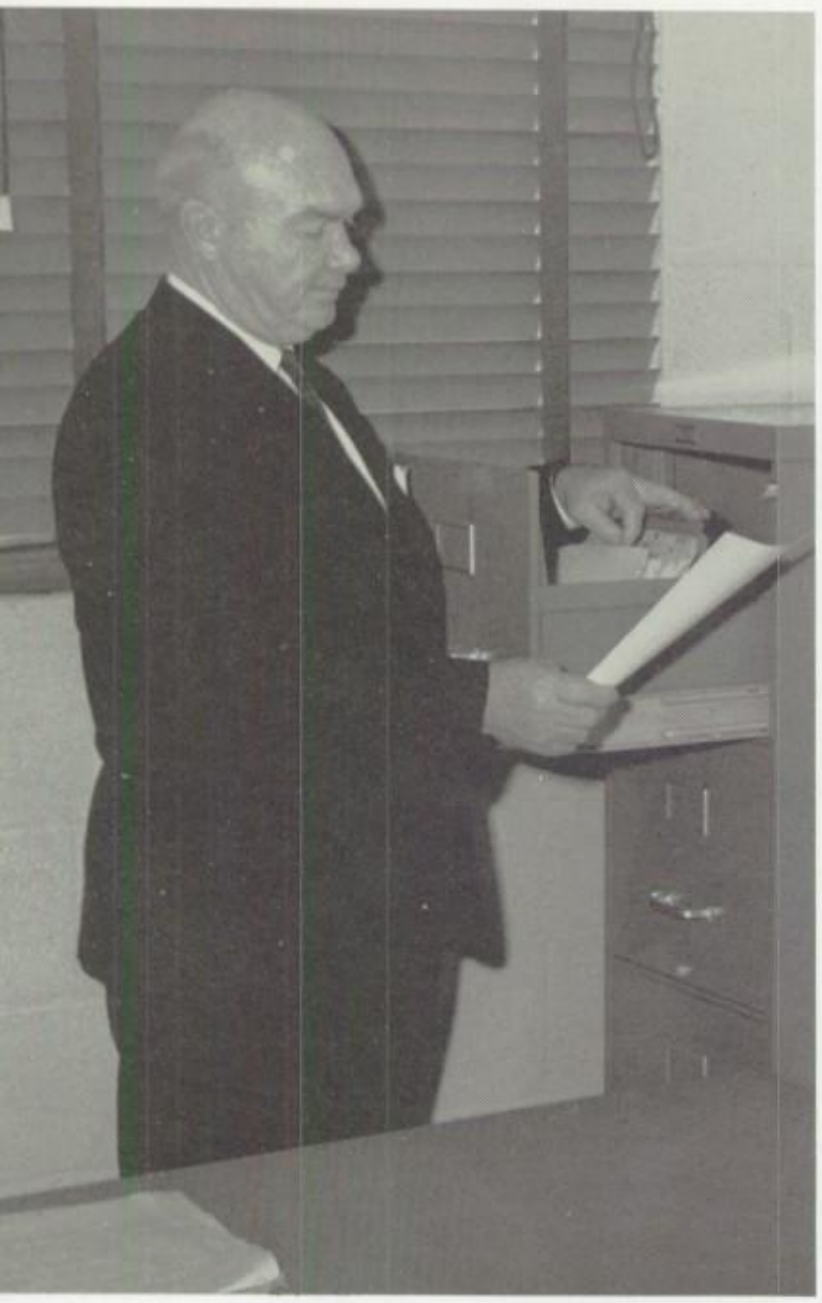
Inter-school communication via the Band.

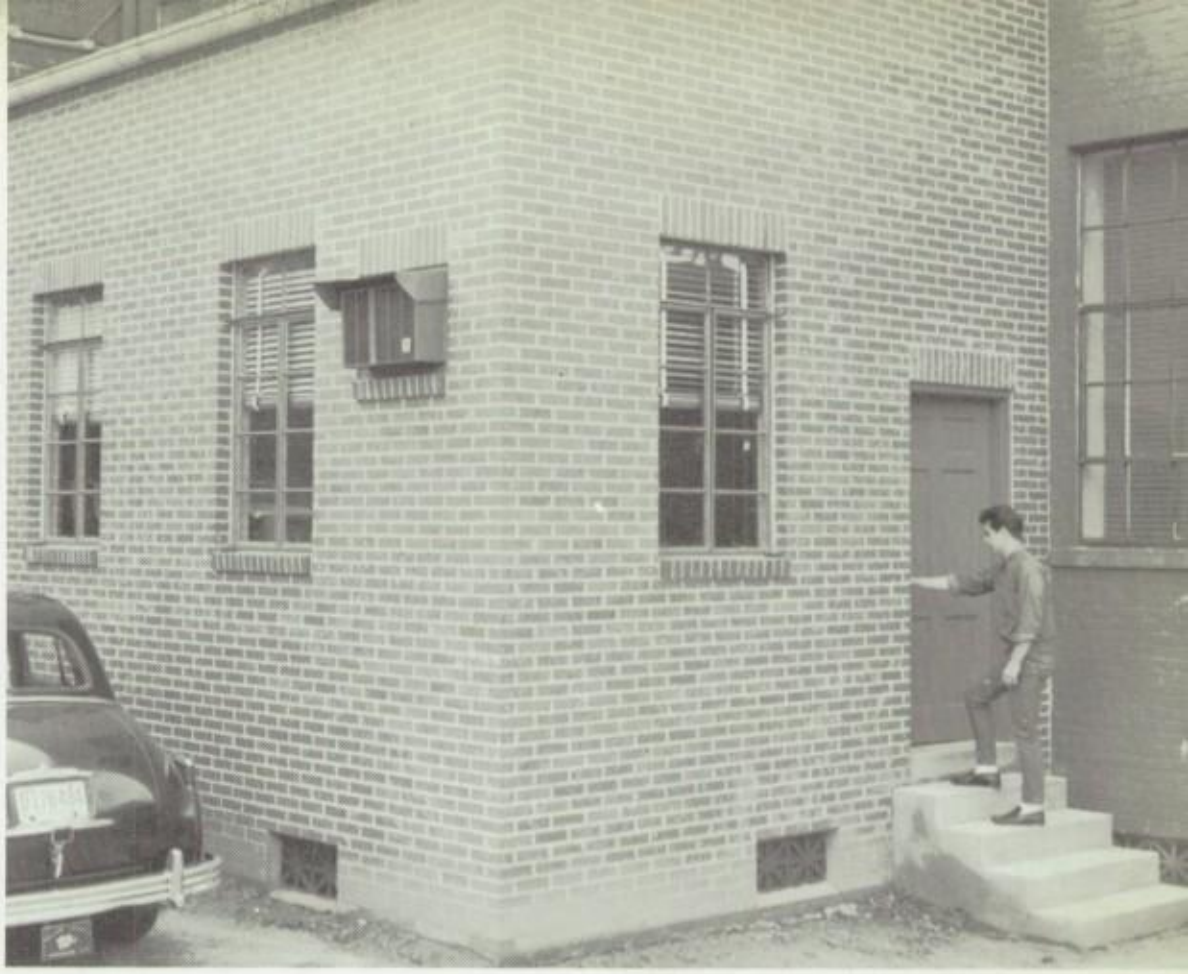


"As you were. Use Plan E." Mr. Reames directs student body to assembly on the inter-com.

WHAT'S NEW AT B. H. S.?!



Mr. Reames puts to good use the additional space afforded by the new section. Here he is checking inter-school correspondence.



Students have easy access to the principal for conferences concerning their present needs and future plans.

NEW ADDITION

Finished early in this scholastic year and equipped with modern grey metal furnishings was a new addition to the principal's office. The construction contains a private air-conditioned office for conferences, an office for the secretary, and additional storage space, all very much needed for more adequate and efficient service to a constantly growing student body.

FOREIGN LANGUAGE LABORATORY

Foreign language laboratories are increasingly in demand in high schools across the nation.

New methods and techniques call for student training in understanding and speaking the foreign language, followed with instruction in reading and writing. This follows the natural pattern of language learning and promises to be highly successful.

An effective program of this order requires the following minimum equipment: tape recorders, tapes prepared by native speakers, and headphones.

Boys' High is initiating a language laboratory this year. Basic apparatus has been purchased and is available to all classes of all languages offered.

Students hear native speakers and imitate their pronunciation and intonation, a beginning necessary to mastery of intonation patterns and grammatical structures.

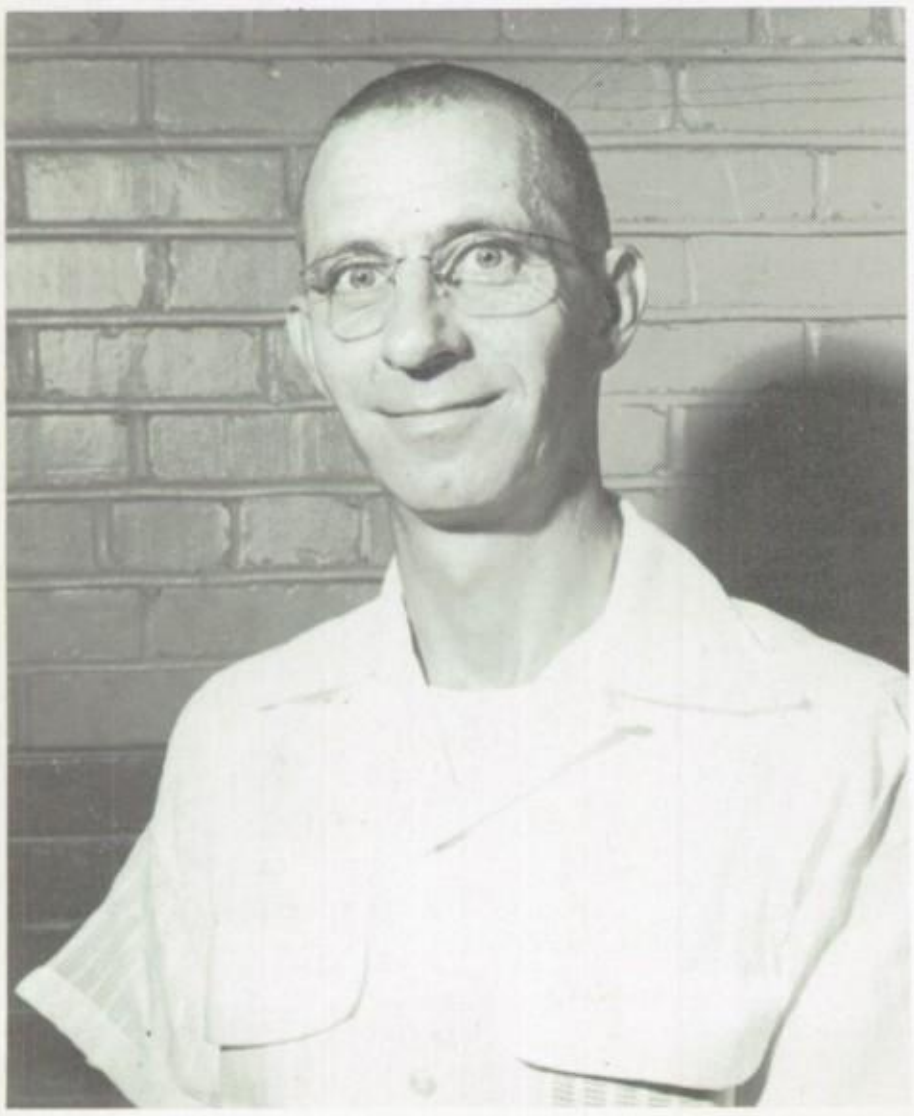
The Boys' High

JUNIOR CLASS OF 1960



Two rich and memorable years at Boys' High!! In this brief span we have learned every nook and cranny of our alma mater, inside and out. We have developed our capacity for guileless intrigue and for discipline, knowledge, and honor among men. We have grown perceptibly in mental, spiritual, and physical stature. We are one step nearer our senior year, one step nearer our ambitions; but, as we move steadily forward, we too are contributing to the legacy of legend and tradition that is Boys' High.

The Boys' High
SOPHOMORE CLASS OF 1960

We had long heard of Boys' High with its many tall tales—some plausible, some incredibly fantastic, and its many demands for rigorous study habits. We had anticipated a different and exciting situation, and indeed we found it. Classes without girls *can* be interesting. One *can* learn in a lackluster male atmosphere, lackluster but by no means monotonous or lacking in zest or esprit de corps.

In short order we assessed the status quo and fitted ourselves into the "new regime." We now feel ourselves no longer newcomers, but an integral part of the tradition that is Boys' High.

STUDENT COUNCIL

The Student Council of the Boys' High consists of the president and the vice-president of each homeroom. This body nominates from its members officers for the Student Council. The nominees are then presented to the student body for election.

The Council was organized to allow student participation in some democratic procedures of administration and to contribute to good citizenship.

Major projects for the year included the Homecoming and Christmas programs, and the honoring of Mrs. Lucia Hudgens, long-time commercial teacher at Boys' High.

BETA CLUB

The Beta Club is an honorary organization composed of students who maintain an "A" or "B" average in all subjects and who are exemplary of honesty, service, and leadership.

Held in the homes of members, monthly meetings emphasize matters of intellectual interest.

Of special interest to members is the annual Beta Club Convention, which convenes for two days in Columbia and is highlighted by lively forums on topics of educational value, and a banquet and dance.

This year members of the club prepared a detailed statistical report of every football game and presented a copy to each member of the squad.

FLYING SHUTTLE CLUB

The Flying Shuttle Club was organized at Boys' High in 1948 under the direction of Mr. G. E. Vaughn and has progressed steadily through the years.

The club gets its name from John Kay's invention of the "flying shuttle" in 1733. It is dedicated to community service, and to a better relationship between the textile industries in this area and the Anderson City Schools.

Members are taken on guided tours of these to inform them better of their careers.

At the end of the senior year, each member has completed a study ranging from cotton fibers to the finished textile product.

To keep the student body posted, to correct or verify rumors, to inform and amuse, The Yellow Jacket editorial staff collects interesting tid-bits from classes and breaks for "Teacher's Talk" and "The Boys Are Saying"; and from the public and private lives of the student it gleans fascinating and revealing items for "The Sting." If you don't want it printed, don't say it! Don't do it!

Announcements of coming events, projected plans, student honors, and sports, and articles of a serious and meditative nature—everything constitutive of Boys' High finds its rightful place in this publication.

But without the work of the business staff, responsible for selling ads and balancing the budget, The Yellow Jacket would not make its monthly flight.

THE YELLOW JACKETS

Though Anderson went down in defeat, 13 to 6, to one of her greatest rivals, Greenville, Ansel Moore, No. 3, picks up a long gain for the Yellow Jackets.

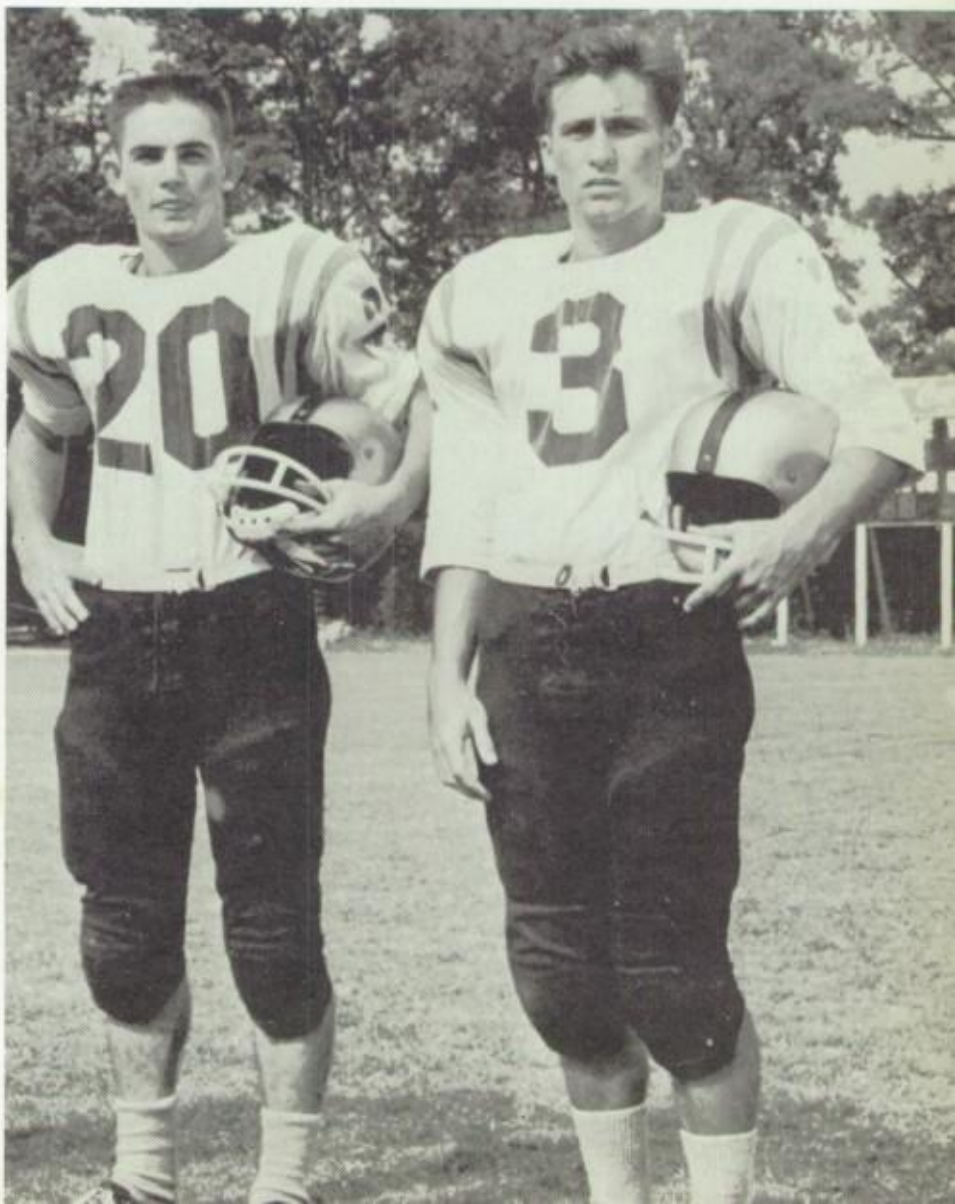
Our homecoming was successfully completed by the defeat of Aiken. The score was increased as another T.D. was scored for the Jackets.

1959-1960 SEASON

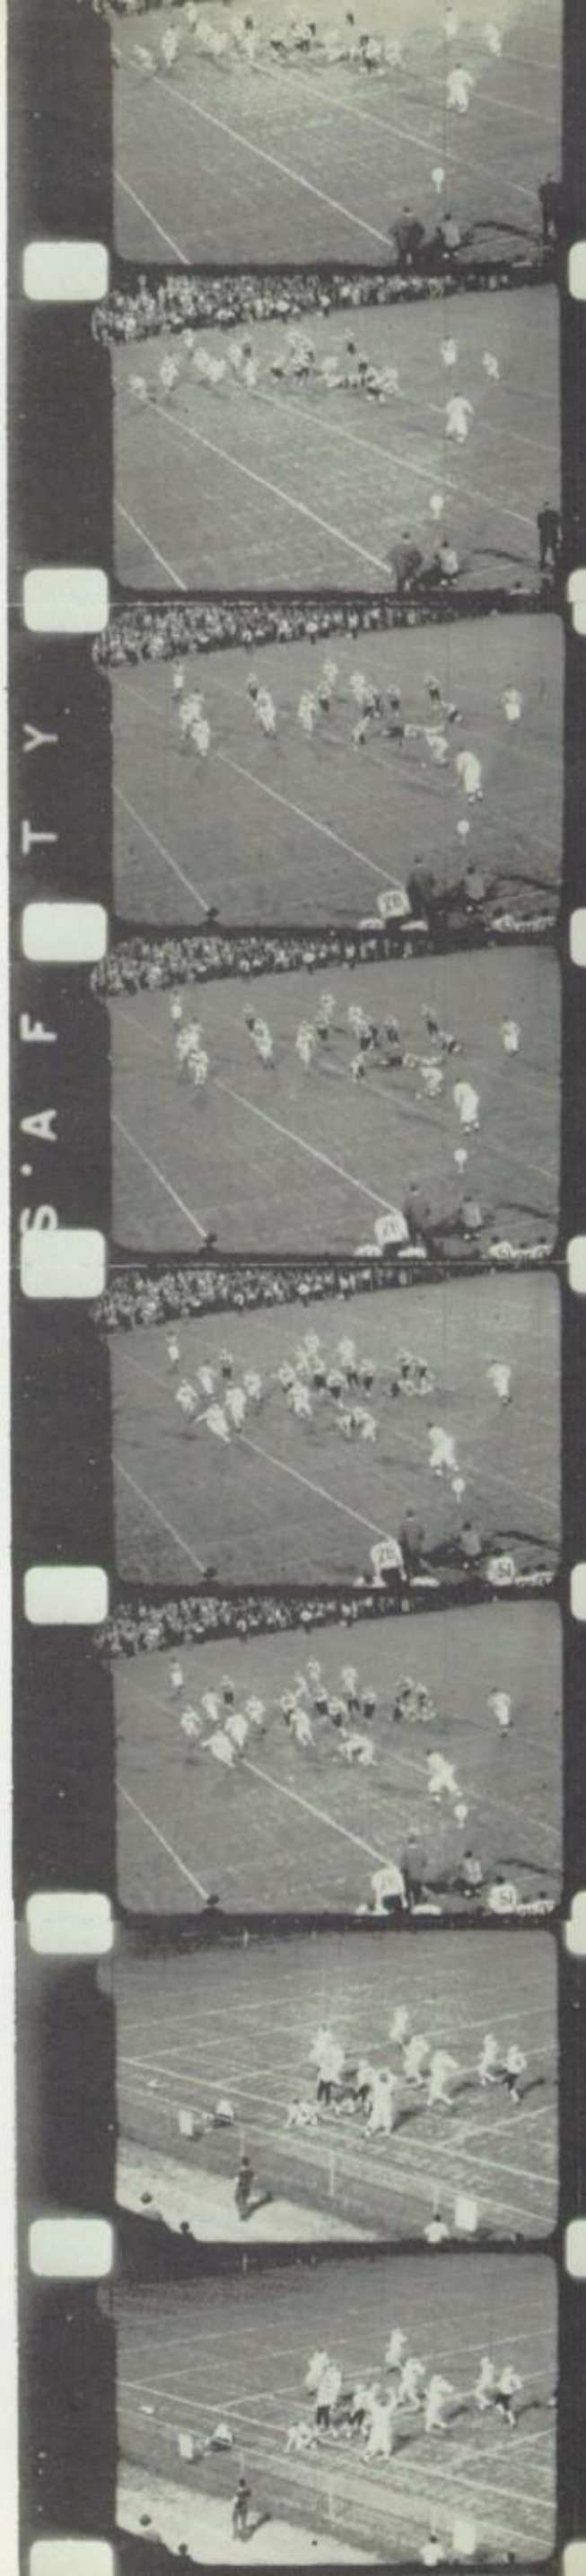
The '58-'59 Anderson High Yellow Jackets had captured the state championship trophy in the triple "A" division. The question of whether the 1960 Yellow Jacket team could equal the '59 team was at hand. Almost every first string player of the championship team had graduated. Only time could answer the question.

This team was to be one of the lightest teams in Anderson's history. The season started off well. The Jackets were victorious in their first three games. The future seemed very bright—then the jinx—Greenville's Red Raiders. It had been seventeen years since Anderson had beaten Greenville on their own field. The Jackets met their match and were defeated by the score of 13-6. Full of vigor and fight, the Jackets bounced back the next week by defeating Rock Hill. The Jackets seemed to be on their way to a possible championship. Parker and Aiken fell to the strong team. Anderson scored three touchdowns against Aiken in the third quarter by successfully completing and recovering two onside kicks. Having been postponed once, the Easley game was played on a cold, damp Monday night. The Easley team proved to be a tough opponent. Anderson, however, added another victory to its list. Plagued by the weariness of two games in a week and a flooded field, Anderson lost to Gaffney 12 to 3. Anderson and Spartanburg, equally matched, played a vigorous game which ended in a tie. Spirited by a pep rally around a bonfire, the Jackets went to Greenwood. The "Fates" seemed to favor Greenwood in the first three quarters. But the tide turned in the fourth. Anderson again used its successful onside kick. It paid off twice, and Anderson scored two touchdowns. Unable to score again, Anderson ended the '59-'60 season by losing to Greenwood, 22-14.

Varsity Co-Captains: Billy Dillard and Ansel Moore.



Varsity football managers, Pat Crowther, Emerson Campbell, Avery Nelson, and David Wakefield, keep the equipment in good condition for the team.



In the first quarter of the Anderson-Greer game quarterback Billy Dillard rolls out faking to fullback Phil Singleton and pitches out to right halfback Jackie Seawell who makes a 63 yard run.

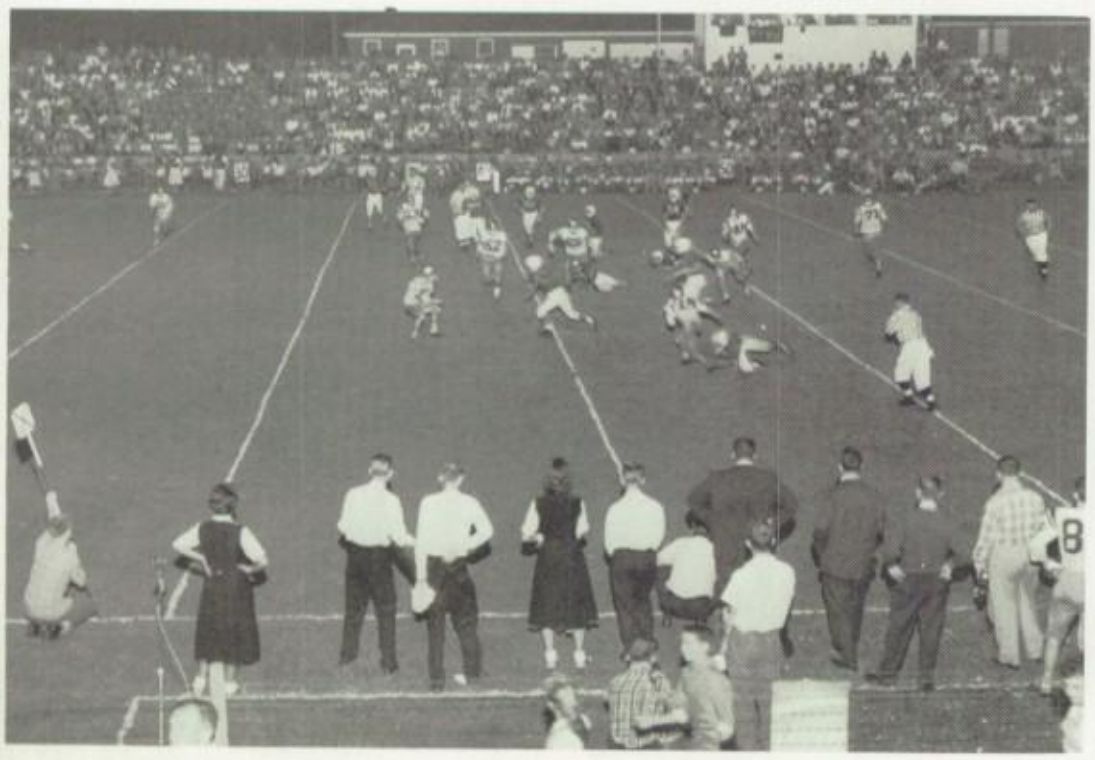
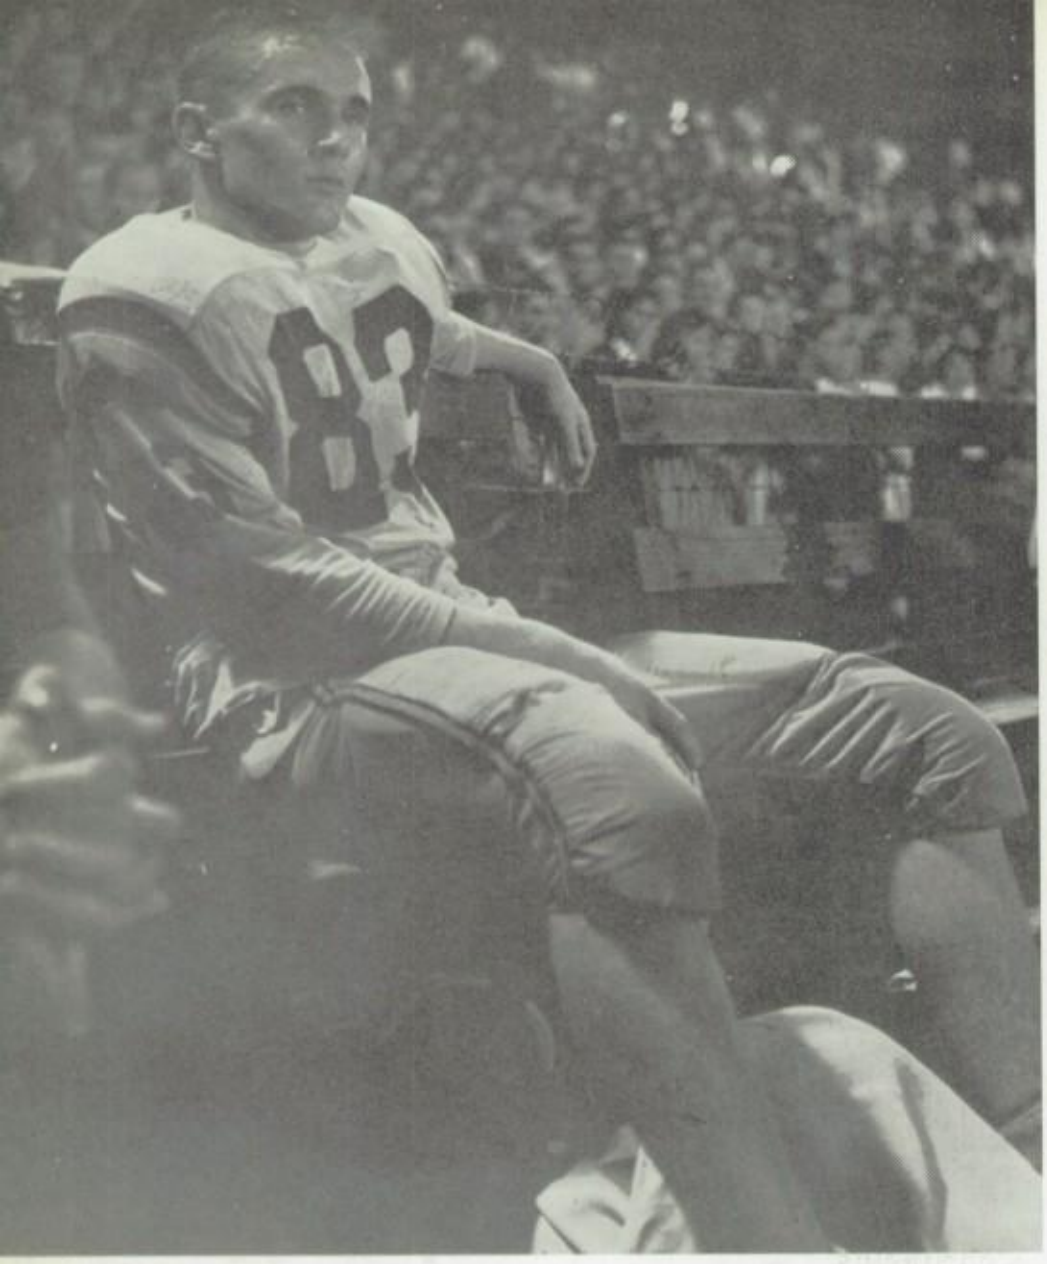
The determination and great defense of the Jackets brought about the defeat of Parker in a thrill-packed game.



Larry Harbin, who has an unusual technique of punting barefooted, puts on his shoe to resume play.

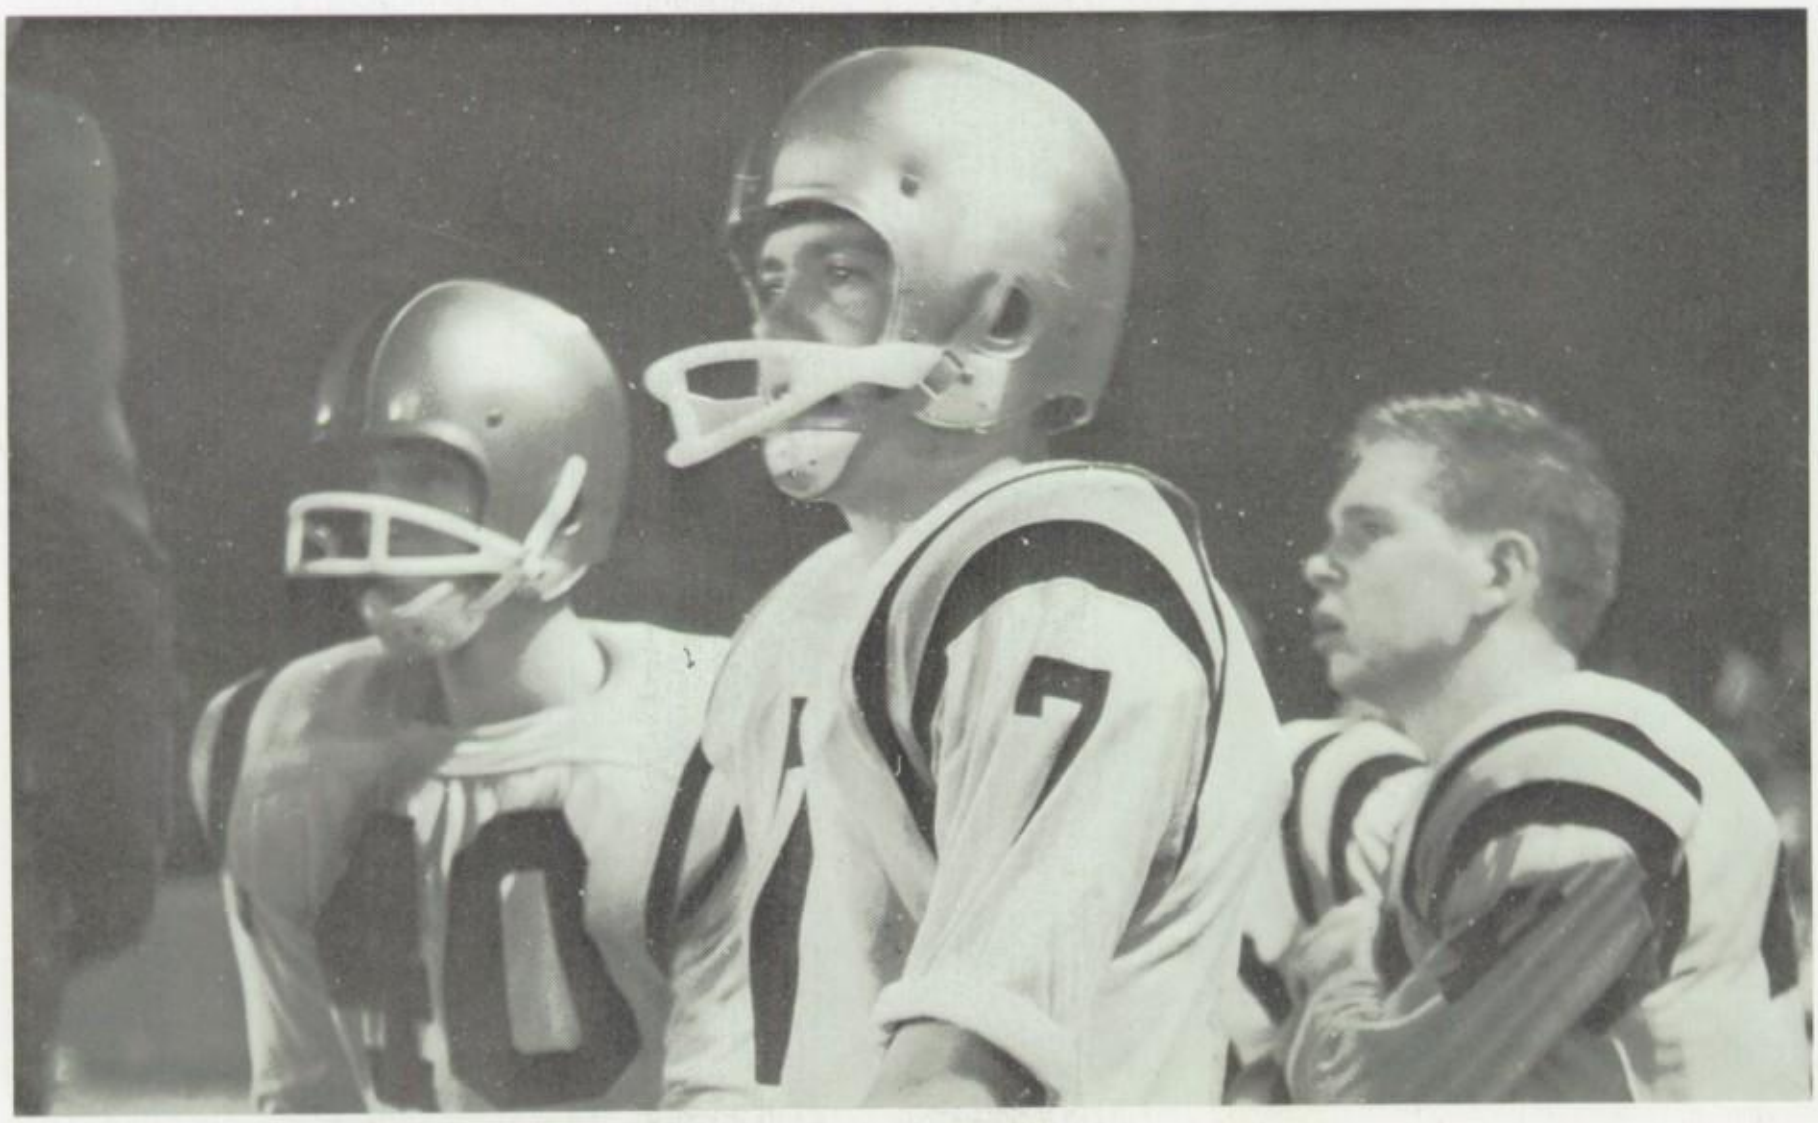


Mike Addison, exhausted by a series of gruelling plays, seems to watch the game in a daze.

In a tense moment the sideline players seem to will their determination to the players on the field.

While the Spectators Give Vent to Their Emotions Through Cheering, the Players Can Only Watch and Wait.

Larry Richardson, Larry Harbin, and Mark Mattison watch intently as the Yellow Jackets make a last desperate effort.



BASKETBALL

Captain: George Sullivan; Coach: Dwane Morrison

The 1958-1959 Anderson High School Yellow Jacket basketball team experienced the most successful season in the history of the school. Under the leadership of Coach Dwane Morrison, the Jackets set several school records. The best win-lose record in the history of the school was posted, and it was the first year that an Anderson team ever reached the state finals in Columbia. Meeting two AAA Lower State finalists, the Jackets were defeated by the Dreher Blue Devils, but they defeated the Florence Yellow Jackets to gain third place in the AAA Basketball Conference.

Much of the Jackets' success was due to the excellent following and support which they received throughout the year. In Spartanburg the Andersonians' following so outshowed the local supporters that the newspapers of neighboring cities gave considerable space to the fine spirit displayed by the Jacket fans.

AAA State Champions 1959-'60

The Anderson Yellow Jackets completed their most successful season this year. Under the direction of Coach Dwane Morrison, the Jackets have progressed steadily for the three years of his coaching. The team's success was largely due to the players' agility and magnificent floor work. The '59-'60 Varsity, almost unequaled by any South Carolina AAA high school basketball team, participated in the Florence Invitational Tournament. The team's record in the tournament was 2-1. The Yellow Jackets' point average per game was exceptionally high. Cooperation, not individualism, made the '59-'60 Jackets the best team in Anderson's history.

BASEBALL TEAM: Coach Buck Priester, Dennis Patterson, Keith Thrasher, Bill Moore, Larry Martin, Tommy Smith, Joe Osteen, Kirk Jordan.

The 1959 Anderson Yellow Jackets ended the hustle of spring sports with a magnificent record in baseball by chalking up a 11-4 in the win-loss column. Under the able leadership of Coach Carroll Emory, the battery overcame such foes as Spartanburg, Greenwood, Greenville, and Parker! Players to come back this year are Kirk Jordan, Bill Moore, Jimmy Spake, Keith Thrasher, Buddy Epps, Larry Harbin, Terry Harbin, Larry Martin, Dennis Patterson, and Joe Osteen, among others. All indications show that this year's lineup under Coach Priester will be just as impressive as last year's, which placed second in the Piedmont Conference.

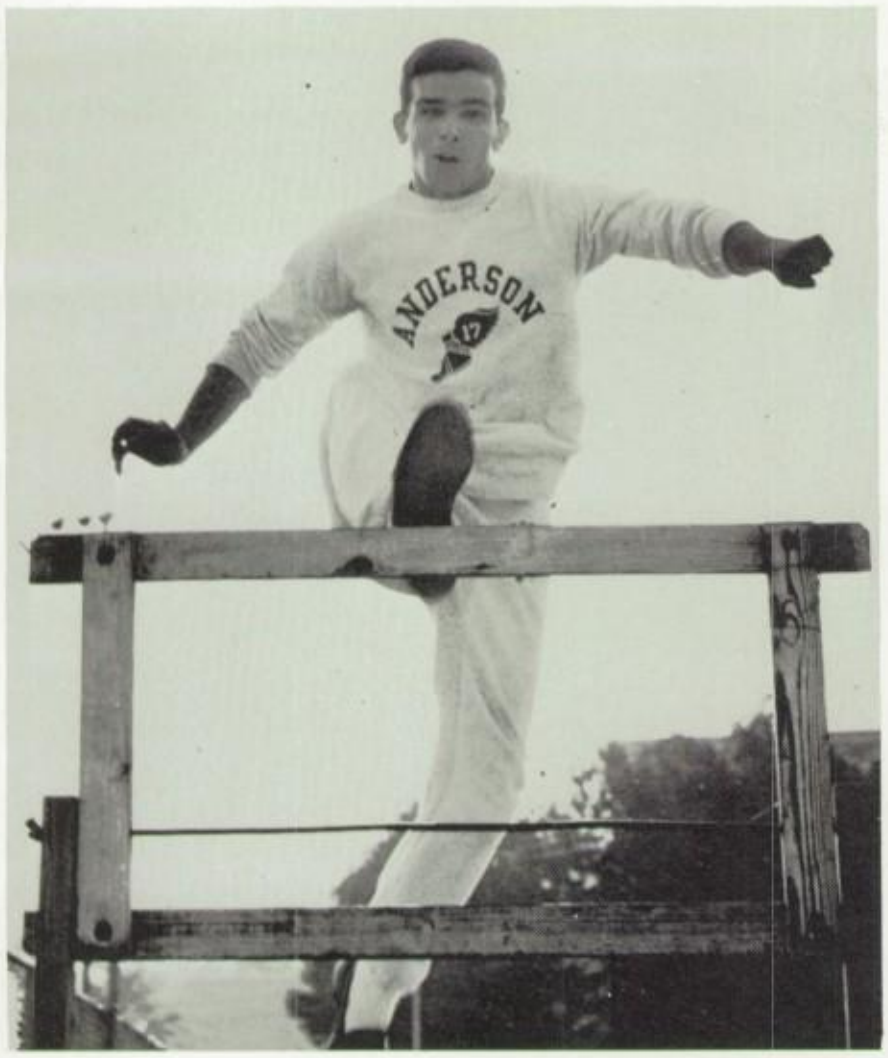
TRACK



It's hard to jump hurdles in a pair of loafers!—just ask David Long, a Jacket record-setter.

Anderson's track squad, under Coach Bob Patton, ended its regular season triumphantly, placing second in the Piedmont Relays and coming in fourth state-wise. Competition was extremely keen in all events, but the Jacket cinder men represented Anderson well and were rewarded generously for their long practices and tireless efforts.

Pat "Cricket" Crowther, Kennon Firth, and Bob Wilder will need recaps after this wearing hundred yard dash!

GOLF COACH: Dwane Morrison

GOLF

With the return of four lettermen to our team, the golf season ended with great success. Several tournaments were entered, and in all cases our school was well represented by the outstanding performances of our linksmen. Spirit, enthusiasm, and practice made this golf team one of the best ever. The final element of a winning team is found in a good coach, and this position was filled ably by Dwane Morrison.

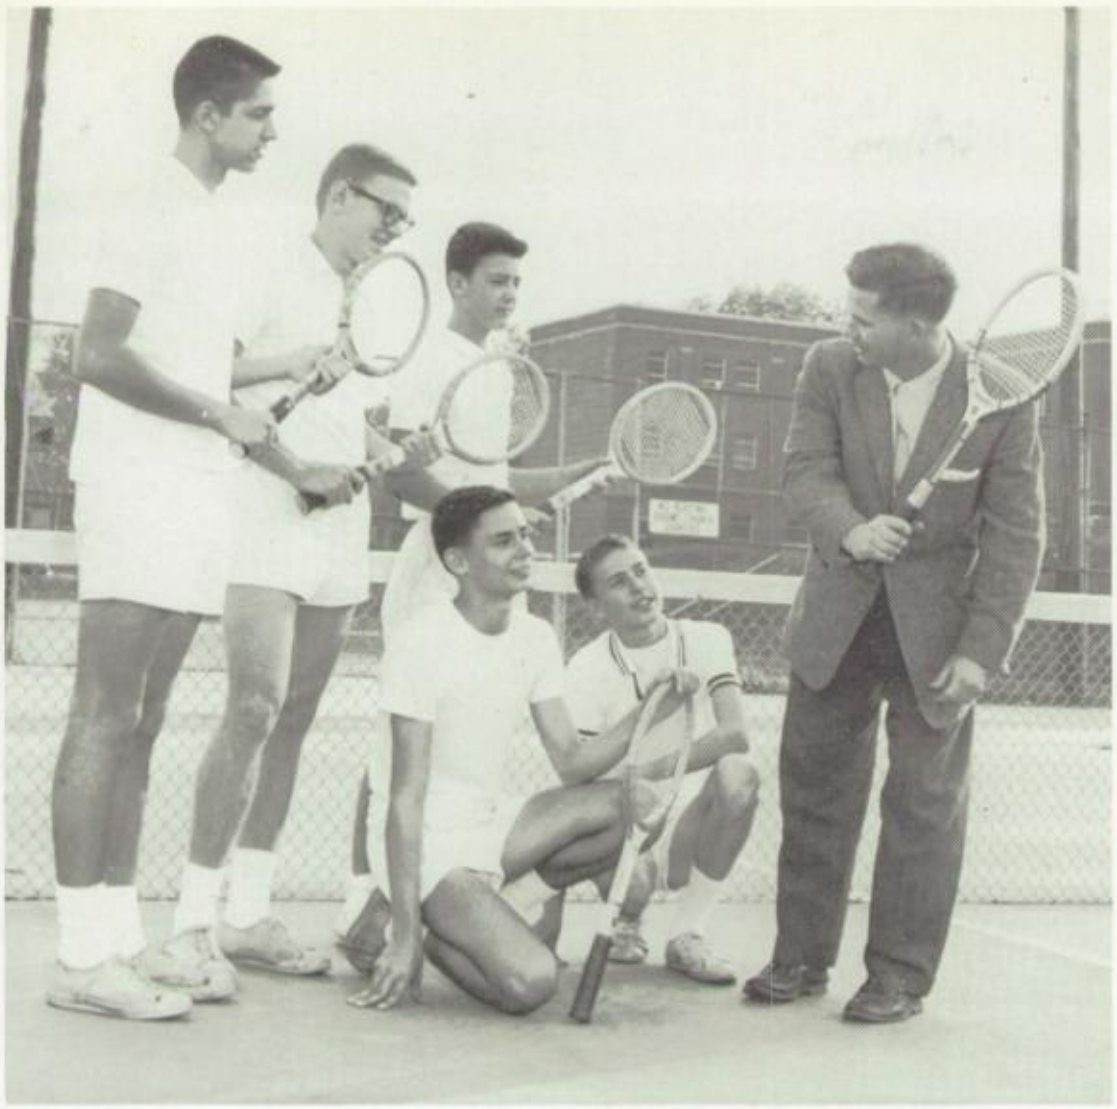
First Row: Dickie Drew, Carl Brock, Bobby Jarman, Robbie Fogle. *Second Row*: Billy Drew, David Wakefield, Jackie Seawell, Billy Dillard.

Jackie, the No. 1 man on the Yellow Jacket squad, shows the form with which he has defeated many opponents.

TENNIS

Tennis is one of our favorite spring sports. Practice begins early in the year, and the team works hard to perfect its form. The 1959 tennis team closed out the regular season with an 8-4 record against competition in the state.

The Yellow Jacket netters defeated Daniel 9-0. Other teams beaten were Anderson College and Union. The team had a one win, one loss record against Clemson, Spartanburg, and Greenwood. Belton defeated the Jackets 6-3.



The Tennis Team, Crawford Chavous, John Harrill, Terry Poore, Robert Earle, and John Burden, watch Coach Charlie Bates demonstrate a backhand stroke.

Crawford Chavous shows winning form.

Dear Billy,

Well --- where in the world should I start?!? We've done so, so many dumb things. Remember Reed Road, the fabulous dances, and how could we ever forget our little hike in the mountains.

Billy, you've got the greatest personality in the world. I hope you'll have all the happiness in the world, because you certainly deserve.

THE LIVELY SIDE of the school year . . . basketball and football socials at Homecoming . . . Christmas class parties and the Christmas dances . . . the one dance we'll always remember, Junior-Senior . . . High School, the carefree years . . .

MARDI GRAS

With a burst of color and noise the revelers of the Mardi Gras parade opened Anderson High's 1959 Junior-Senior. The spirited floor show was a medley of songs and dances from deep in Dixieland. Nancy Rainey, Peggy Johnston, and Susan Welch set the jazz tempo as they tapped to "Mississippi Mud." The blues, also originating in New Orleans, inspired a modern dance to "Birth of the Blues" by Jane Ballenger, Susan Reed, Margaret Thompson, Nancy White, and Bebe Ramseur. Homage was paid to Basin Street, the cradle of blues and jazz, by Nancy Guest as she sang "Basin Street Blues" to the accompaniment of the Dixieland band. Appearing and disappearing throughout the entire show, Marshall Sanders with his clownish antics kept everyone in a state of high hilarity. As a climax to the festivity the presidents of the senior classes were crowned King and Queen of the Mardi Gras and honored by the Grand Waltz.

Cheerleaders

Our cheerleaders are chosen by the student bodies of the two schools. They are selected because of their cheering ability and outstanding personalities.

Many hours are spent practicing and learning new cheers. They plan pep rallies throughout the football season and are ever present at football and basketball games during the year.

The cheerleaders organize and ride in the pep parades and decorate the field before each home game. Of course, their greatest contribution is boosting school spirit.

TIDINGS STAFF

Departing radically from ideas of the past, we have attempted in *Tidings* '60 to portray our school life in its truest aspect . . . two student bodies—one unified spirit. Like all of its predecessors this *Tidings* knew its moments of enthusiasm and despair, inspiration and perplexity, levity and seriousness.

STAFF MEMBERS: Rob Fogle, Peggy Johnston, Larry Reeves, Bebe Ramseur.

TYPING STAFF: Pat Adams, Pat Vandiver, Carolyn Cheek, Jane McLeese, Patsy Ramey.

Every afternoon room 17 Hanna High seethed with feverish activity with the Staff organizing pictures, planning lay-outs, writing copy—all done under the pressure of a deadline. During the summer Sally, Phyllis, and Charles developed from the theme suggested by the Staff the first draft of *Tidings* '60. In September the Staff began to work out the details of the final copy.

Soon individual talents began to appear. Mrs. Metz, tireless and ambitious, kept us working. Lost pictures, deadlines to meet, chattering staff members—all of these problems she skillfully solved. Our idealist with a sense of humor, Mr. McGregor, amused us with his wit and nourished us with chocolate covered "guess-whats" from Sears. Even in the midst of confusion Sally and Charles managed to keep an overall perspective of the work. Phyllis, conscientious and practical, remembered details all the rest of us forgot. With his candid camera, Larry scoured the countryside for suitable settings. Bebe, gracious and sedate, never lost equanimity. When not elaborating on the merits and demerits of stockcars, Doug became adept at composing sports write-ups from statistics. Romance found its way into *Tidings* meetings when Robbie read notes from his steady on a certain desk. Peggy, with her ready, infectious laugh often converted a moment of gloom into high hilarity. Jimmy managed to do his assigned work even though he could not abandon his bus load of students. Patsy, Irene, and the faithful, well-trained typing staff somehow learned to decipher our illegible, misspelled, and smudged works of delirium. Chip gave himself totally and exclusively to selling *Tidings* '60—Here's what you sold, Chip. We hope you like it!!

GRADUATION 1959

Dear Billy,

This is a pretty appropriate page for me to write on. Can you believe that we're finally graduating? I'm not real sure I want to believe it. All the great times we've had will always be remembered. We haven't seen much of each other this year, but our senior year has really been filled with activities.

The best to you always what-ever you choose to do. The best deserves the best.

Love Always,
Mary Eleanor

Dear Billy,
I can't even start to tell you how much I think of you. You're just the greatest. You have absolutely the most fabulous personality I've ever seen!
We've had so much fun in the past years- all the parties at Mo's, our dates and all the dances. Don't ever forget the time you, Pat and I went up to Carol's for the weekend and everybody thought we were honeymooners - in those pictures we took we look more like moon-shiners. Remember the birthday party at the Log Tavern with Charles and Brenda? And the day we put bows in some women's grave? Our crazy ride back from Seneca that day with little Susi and her pets?
I could go on forever but I'd better leave room for all your other admirers. Billy, I hope we'll always be good friends. May you have the best of luck-
Forever,
Sugar

Dear Billy,

I hope you aren't reserving this page because I am writing on it.

We've had lots of fun together haven't we? We will have to go skiing and horseback riding again. Too bad it didn't snow again or we could have tried our plan with the skiis.

Good luck at Ringling Brothers art school. I might be down there with you some day.

You are a real cute boy with a good personality. I know you will always succeed.

Dear Billy,

One of the saddest things about graduation is leaving people who are as much fun as you. It has really been a ball knowing you throughout the years. I sincerly hope you always have the best life can offer. Keep your fabulous personality and winning smile. I know you won't have any trouble in whatever you try.

Love and Lucky,

Shirley Wilson

Dear Billy,

I'd just love to write in your annual and tell you how much fun I've had knowing you. You have one of the most pleasant personalities and best senses of humor I know!

Best of luck to you.

Catherine Findley

Ricky,

It all started many moons ago. Since that time we have had so many good times at parties, Bradenton and retreat that it is almost impossible for me to tell you how much fun it was. I guess Florida and Sarah will always be remembered along with dear ole "Primrose Lane" and of course there have been such fine people as Eva, Bitler and Big Bell to make life a little more I don't know what.

Ricky, you've all that's needed to make me love you regardless of what I am. I'll never forget how good you've been when I've gotten myself into a mess. I really appreciate all you've done. Billy, you know how much you mean to me and also how much I like you. You are "IT" to me. May the (Must be my) best always be in your heart adopted brother!

Dear Billy,

I'll never forget all the fun and excitement we have had in the last few years. How could I forget things like the grave yard, D.C., skoog, Clemson House (Tiger Tavern) with our wonderful Birthday party for good old Lee Jenkins, the times at Mel's house, all the dances, and many other things that were even more fun. Just think, just a few more weeks and O.D. Hell we come!! That's gonna be one rocking place the first week in June.

Billy, I'll never forget you and your crazy ways. I hope you'll be happy and win success in everything you do. Be good and stay as sweet and cute as you are and you'll have plenty of friends and always win fame.

Best of luck in everything,

Love,

Linda

Dear Billy,

Well, I really don't know where to start because our friendship is something you just can't express in mere words! Let me just say that I think you are one of the greatest boys in the world and I'll never, never forget you! How many times have I said: "Billy, what can I do?" You would always know the answer too! Not many boys would put up with my love problems, but you did and it helped and cheered me up so very much! I never will forget the Cotillion dance when I got all "shook up" over memories of "Mr. X." Remember? Oh! how could you even forget! That was really some night, wasn't it? Billy, I'll never forget the many, many good times we've had dating, retreats, at the beach, parties, etc.! Above all, I'll never forget the Princess Ann! That's one more "juking" place - Oh! and that sexy little strip we composed! That was a killer! But it was fun! You better believe it! Hon, ya know it!

Billy, I'll close for now, but I'll leave you with one thing - I think you're the greatest & I love ya a lot! Be good & remember to REJOICE!

May God bless you!

Love,

Sylvia

(alias Sylvie)

Dear Billy,

Well, we finally made it. I can hardly believe it and I'm not sure I really want to. It's really been fabulous, though.

I'll never forget all the wonderful times we've had together -- our trips to Bonclarken with Hitler and Big Bell, our fabulous trip to Florida, and the lost, and ejected, trip to Valdosta. There're all in the past, thank goodness, but I guess we've got a lot more to look forward to.

Richey, I really think the world of you. You're the greatest in my book. If I attempted to list all your good qualities, it would take the rest of this line, --- so, I won't waste space. Really, you do have a wonderful personality and you ought to be proud of it. You're the life of any party, and I admire you as well as love you.

Good luck always to one of the greatest guys I'll ever know.

Love and luck always,

Janice

Billy,

You are truely one of the cutest and finest boys I've ever met. Best of luck in college and the future.

Love ya,
Carl

Billy,
I haven't known you but a year, but I think you're the greatest! Best of luck in all you attempt, and I hope we'll meet again real soon!

Good luck always to a sweet boy with a great sense of humor and a fabulous personality. — Gail Gerard

Billy,
you are a Wonderful boy and I have had many Wonderful times with you in all these years. Remember all the Parties etc. We have had a ball. You have a great personality And I know you will go far. Remember me next year.

Be Good!

Love you,
Winky

P.S. As a later date I hope to write more so save this space! O.K.? God!
